

RESOLUTION NO. 2024-31 RESOLUTION NO. PFA-01 ORDINANCE NO. 2024-01

#### <u>AGENDA</u>

#### **OUR MISSION**

Protect, enhance, and develop Calaveras County's water resources and watersheds to provide safe, reliable, and cost-effective services to our communities.

2021-2026 Strategic Plan, Adopted April 28, 2021, and can be viewed at this link

Special Board Meeting Wednesday, May 29, 2024 1:00 p.m. <u>Calaveras County Water District</u> 120 Toma Court San Andreas, California 95249

Board Chambers are open to the public and the following alternative is available to members of the public who wish to participate in the meeting virtually:

## Microsoft Teams meeting

## Join the meeting now

Meeting ID: 270 985 085 444
Passcode: YkbCfr
Dial in by phone

+1 323-647-8603,,161882291# Phone conference ID: 161 882 291#

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Administration Office at 209-754-3028. Notification in advance of the meeting will enable CCWD to make reasonable arrangements to ensure accessibility to this meeting. Any documents that are made available to the Board before or at the meeting, not privileged or otherwise protected from disclosure, and related to agenda items, will be made available at CCWD for review by the public.

#### **ORDER OF BUSINESS**

#### CALL TO ORDER / PLEDGE OF ALLEGIANCE

- 1. ROLL CALL
- 2. <u>PUBLIC COMMENT</u>

At this time, members of the public may address the Board on any non-agendized item. The public is encouraged to work through staff to place items on the agenda for Board consideration. No action can be taken on matters not listed on the agenda. Comments are limited to three minutes per person.

#### **BOARD OF DIRECTORS**

#### 3. <u>BUDGET WORKSHOP</u>

3a Discussion/Direction Regarding Preliminary FY 2024-25 Operating and Capital Improvement Program (CIP) Budgets (Jeffrey Meyer, Director of Administrative Services)

#### 4. <u>REPORTS</u>

4a\* General Manager's Report (Michael Minkler)

#### 5.\* BOARD REPORTS / INFORMATION / FUTURE AGENDA ITEMS

#### 6. <u>NEXT BOARD MEETINGS</u>

- Wednesday, June 12, 2024, 1:00 p.m., Regular Board Meeting
- Wednesday, June 26, 2024, 1:00 p.m., Regular Board Meeting

#### 7. REPORTABLE ACTION FROM CLOSED SESSION

#### 8. <u>ADJOURNMENT</u>

## **Agenda Item**

DATE: May 29, 2024

TO: Michael Minkler, General Manager

FROM: Jeffrey Meyer, Director of Administrative Services

SUBJECT: Discussion/Direction Regarding the Preliminary Fiscal Year 2024-25

Operating and Capital Improvement Program (CIP) Budgets

#### RECOMMENDED ACTION:

Discussion/Direction Regarding the Preliminary Fiscal Year 2024-25 Operating and Capital Improvement Program (CIP) Budgets.

#### **BACKGROUND:**

The development of a new budget is an exciting time and one that provides the District an opportunity to show how its resources are aligned with its strategic plan, goals, and objectives. This year the District unveils a new budget package that outlines what the District is going to accomplish in a new format and also includes other significant changes. Some key additions to the budget are:

- A new rate structure and updated presentation of revenues and expenditures
- The addition of a new hydroelectric fund
- Rate revenue in the operating budget incorporates all rate revenue, including infrastructure funding previously segregated as R&R income.
- Integrating fund balances for into the budget process and long-term planning for water, wastewater, and hydroelectric

Over the last two years staff worked with our auditors to separate the activities of our water and wastewater enterprise funds in both the audited financial statements and the budget, and, by extension, our strategic plan. This effort continues with the FY 2024-25 budget as we have enhanced the presentation of the two budgets and show the path to eliminating structural deficits. We are also adding a hydropower enterprise fund. Once the budget is adopted, the District's reserve policies will be updated to add clarity to the use of hydropower revenue and ensure fund stability.

The three separate funds - water, wastewater, and hydroelectric will allow the reader to see exactly what revenues are collected in each fund, as well as the expenditures that are required to maintain the water, wastewater, and hydroelectric activities. The individual tracking and reporting will also position the District to continue its long-term approach to maintaining our critical infrastructure, maximize our assets, and position itself to secure grants and be able to economically issue debt.

The changes in how we present revenues and expenditures are due in part to the new rate structure included in the recently adopted Five-Year Water and Wastewater Rates, but also reflects updated allocations of certain expenditures among departments or expenditure accounts to ensure costs are accurately accounted for. The most significant change is moving North Fork and New Hogan Hydroelectric Project related revenues and expenditures out of the water and wastewater funds into the new Hydroelectric Fund. These efforts are designed to better align our budget with our core functions and increase fiscal transparency.

The District prepares two budgets, an operations budget, and a Capital Improvement Program (CIP) budget. The operating budget includes funding for the District's day-to-day water and wastewater operations for treatment, distribution, collections, and administration. Historically these activities have been supported by customer rate revenues, fees, property tax revenues, leases, North Fork and New Hogan hydroelectric revenues, and other revenue sources.

The District's CIP budget includes funding for critical short and long-term water and wastewater facility improvement projects. The FY 2024-25 CIP budget was included in the recently approved Five-Year Capital Improvement Program Plan. The District funds its CIP projects with grants, reserves, and a portion of the customer rate revenue.

The District's operating budget includes separate budgets for the water and wastewater enterprise funds. Each fund must be self-sufficient, water revenues must fully support water operation and wastewater revenues must fully support the wastewater fund. However, this has not always occurred, as reported in the 2023 rate study:

- Current water revenues were not sufficient to support the water operations.
- Continuing a multi-year trend, wastewater revenues have not fully funded wastewater operations. Furthermore, prior funding gaps have led to a negative fund balance in the wastewater fund of \$1,730,004 as of June 30, 2023.

The rate study included a three-year plan to stabilize the water and wastewater operating funds and eliminate the negative wastewater fund balance and restore its reserve level. In addition to delivering balanced water and wastewater budgets, the FY 2024-25 operating budget will include projected beginning and ending fund balances in the water and wastewater funds, a mechanism to reduce the negative balance in the wastewater fund, and strategies to ensure that the District meets its operating reserve levels.

Another change for FY 2024-25 is how the District records the rate revenues it uses to fund its capital program. Beginning in 2013, the water and wastewater rates were divided into two parts, one part dedicated to operations, and the other to capital projects. The capital portion of the water and wastewater rates was known as Capital Renovation and Replacement (Capital R&R) revenue. These funds were deposited directly into the Water Capital R&R Fund (Fund 125) and the Wastewater Capital R&R Fund (Fund 135). The Capital R&R revenues have been used to fund CIP projects, provide local matching funds for grants, and pay the debt service on loans the District secured to complete large water and wastewater projects.

Until the new rate structure was implemented in October 2023, Capital R&R revenues were not included in the water and wastewater operating budgets. The new rate plan changed the structure of both water and wastewater rates by combining the operating and Capital R&R rates into one rate, which is now deposited in the Water and Wastewater Operating Funds (Fund 300 and Fund 500). In October, the Board passed Ordinance 2023-02 which designated the minimum funding levels for the District's water and wastewater capital programs, and Resolution 2023-56, which amended the District's Financial Management Policy 5.00 – Budget and Fiscal Policies. These two measures set the base funding level for the District's capital programs at \$4.7 million - \$3.4 million for the water capital program and \$1.3 million for the wastewater capital program, amounts similar to what was previously deposited in the Capital R&R funds.

Including the \$4.7 million allocated for capital funding in operating revenues overstates the revenues available to fund operations as a like amount is transferred to the Capital R&R funds. The transfer out is a mechanism that moves the rate revenue from the water and wastewater operating funds to the Capital R&R funds and is included in the expenditure budget. As a result, of the projected \$8.8 million year-to-year increase in water and wastewater sales, only \$4.1 million of the increase is available for operations.

#### **SUMMARY:**

As in past years, the FY 2024-25 Operating Budget is guided by the values, objectives, and priorities established by the Board during development of the District's strategic plan in 2021. This budget enables staff to continue the District's efforts in implementing proactive, cost-effective solutions to long-standing challenges with an emphasis on infrastructure replacement, transparency, and improving the customer experience.

Inflation pressure continues to affect the District across multiple expenditure types, new regulatory requirements increase the cost of doing business, and there is the ever-increasing cost of maintaining and replacing aging infrastructure.

#### Revenues

As noted above, water and wastewater rate revenues are projected to increase by \$4.1 million, plus the \$4.7 million in the reallocation of capital funding through the operating budget. The increase is primarily due to the water and wastewater rate increases effective October 16, 2023, and July 16, 2024. Other Operating Revenues, which includes the online credit card and e-check fees that help offset the increased third-party fees the District pays, is projected to increase by \$184,500, while property tax revenues are expected to increase by \$276,000. There is also a \$363,100 increase in federal grant revenues for reimbursement of the Doud's Landing Fuelbreak Project costs. The Transfers In budget of \$3.8 million includes funds from the water and wastewater Capital R&R funds to cover debt service for infrastructure financing, in-house support for water and wastewater infrastructure projects and from the wastewater fund for debt service on the Water Loan. This is a decrease of approximately \$287,000 from FY 2023-24.

Total revenue budgeted for FY 2024-25, including operating revenue, non-operating revenue, and transfers-in, is \$38.9 million, which represents a water and wastewater rate

revenue increase of \$4.1 million and a reallocation of \$4.7 million. As explained below, nearly \$5.5 million will be transferred out of the Operating Budget for capital infrastructure expenditures.

#### **Expenditures**

A significant portion of the operating budget expenditure increases are attributed to inflationary increases on many of the services and supplies that are essential for District operations. Budget increases are also attributed to the District's FERC relicensing efforts for the North Fork project and New Hogan:

- Increased Medical Insurance Costs This affects benefits costs for current employees, which increased an overall \$350,000, and also increased the budget for providing retiree health benefits to our retirees by \$135,000.
- Professional Services Increased by \$681,890. This includes an ARC Flash Assessment; multiple Engineering projects, including a Water/Wastewater Ordinance update, Ebbetts Pass Water and Arnold Sewer Master Plan updates, and Water Hydraulic Modeling; and North Fork FERC Re-License support in the Water Resources budget.
- Outside Legal Projecting a \$75,000 increase for the hydropower project relicensing.
- State and Federal fees are projected to increase by a combined \$76,700. Some of these fees are reimbursed by NCPA and MID.
- Insurance The budget for property, vehicle and liability insurance costs are expected to increase almost \$50,000 from the FY 2023-24 budget.
- Third Party Payment Processing The budget will increase by \$259,000, going from \$33.600 to \$292,600. Entering its second year under the current fee and revenue recovering program, the additional historical data has allowed for better budget projections. Approximately 81% of these costs are offset by fees charged to the users.

#### Staffing

In support of the District's water CIP program, in particular the Jenny Lind A-B Transmission Replacement Project, the draft budget includes the addition of a "Limited Term" Water Distribution Worker to help maintain water services while allowing a current employee to help with the project. Funding for this position will include reimbursements from Jenny Lind A-B Transmission project budget to the operating fund for the current employee's time spent on the project. Total Salaries and Benefits increased \$585,682, a result of negotiated salary increases, higher medical insurance costs, and increased PERS costs.

#### **Capital Outlay**

The Proposed Capital Outlay budget includes the following equipment purchases and projects, as well as the lease-to-own vehicle costs. These expenditures are funded by operating revenues.

- District-Wide Critical Generator Replacement (FEMA match)
- District-Wide Lease to Own Vehicles
- District-Wide Hydrant Replacements
- District-Wide Asphalt Roller and Water Truck
- District-Wide Line Locators, Engineering (1) and Utilities (2)
- Corp Yard Snowplows (2) and Ground Penetrating Radar Kit
- West Point Tow-Behind Air Compressor and Jackhammer
- Operations HQ Remodel for Additional Office
- Copper Cove Automatic Gates (Security)
- District-Wide Doud's Landing Fuelbreak Project

#### **Debt Service**

The FY 2024-25 debt service budget is \$3,574,625, \$361,764 higher than FY 2023-24.

The District's debt is funded in part by transfers from Capital R&R funds, and includes the following debt instruments:

- USDA Ebbetts Pass Reach 3a Water Loan
- USDA AMI Water Loan
- Water CIP Loan 2022
- Sewer CIP Loan 2022
- PERS UAL Loan
- New Hogan Loan
- Water Fund Loan
- VacCon Truck Loan 2020
- VacCon Truck Loan 2021

#### **Capital Improvement Program**

The Proposed Capital Improvement Program (CIP) budget includes carryover projects approved in prior budgets and new projects. District policy requires a review of all capital projects and their funding requirements during the budget process, including current year funding needs for projects approved in prior budgets.

The CIP budget is \$24,690,657, which includes \$15,000,000 for water projects and \$9,690,657 for wastewater projects. The District will finance these projects with a combination of state and federal grant funds (\$4,425,000), CIP loans that feature locked in low interest rates (\$14,313,890), Capital R&R funds (\$5,078,038), and expansion funds (\$1,073,729).

The CIP program will enable the District to complete high priority projects that are critical to maintaining safe and reliable delivery of water and wastewater services. These are projects that must be addressed as the costs will only increase over time. Staff will continue to aggressively pursue external sources of funding and the District will not initiate construction of those projects until the projects are fully funded.

The following are the proposed FY 2023-24 CIP projects:

#### Water:

- Copper Cove Tank B / Clearwell
- Lake Tulloch Submerged Water Line Crossing Bypass
- Copper Cove Zone B-C Transmission Pipeline & Pump Station
- Ebbetts Pass Sawmill Tank
- Hunters Raw Water Pumps (Hazard Mitigation)
- Jenny Lind Clearwell #2
- Jenny Lind A-B Transmission Line

#### Wastewater:

- Copper Cove Lift Station 6, 8 & Force Main Bypass
- Copper Cove Lift Station 15 & 18 Rehab/Replacement
- Copper Cove Tertiary, DAF, and UV Improvements
- CC Pond 6 Dam Raise
- LC Biolac, Clarifier, & UV Improvements
- Huckleberry Lift Station Improvements
- West Point/Wilseyville Consolidation Project
- Collections System Rehabilitation and I&I Mitigation

#### **REQUESTED ACTION:**

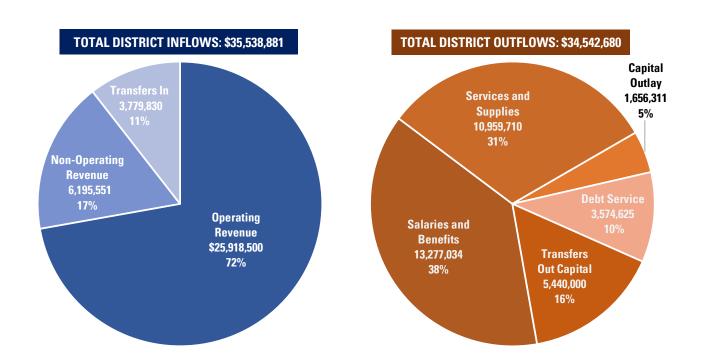

Staff presented the operating and capital budgets to the Finance Committee on March 23, 2024. The committee reviewed the budget, provided input, and recommended that the Preliminary FY 2024-25 Operating and Capital Improvement Program (CIP) Budgets be forwarded to the Board of Directors for consideration. Staff requests that the Board, upon review and input, direct staff to submit the proposed budgets to the Board for adoption on June 12, 2024.
