

Catalog of Enterprise Systems – SB 272 / GC6270.5

Senate Bill 272 was enacted in 2015 and added Section 6270.5 to the Government Code. The bill requires local agencies, of which the Calaveras County Water District (CCWD) is one, to catalog and display online the Enterprise Systems used by such agencies in the conduct of their services.

The Enterprise system used by CCWD is provided below:

- 1) System Vendor : Accela
- 2) System Product: Utility Billing Suite
- 3) Purpose: To manage the ongoing list of customers, water and wastewater services and related billing.
- 4) Types of data: Customer contact information, physical properties served, type of water meter and/or wastewater connection information
- 5) The Customer Service department is the primary custodian of this data.
- 6) System data is collected daily.
- 7) System data is updated daily.
