

Calaveras County Water District
Rules and Regulations Governing Water & Wastewater: Article III, Section D.

Suspension of Services. The District will not allow suspension of monthly water and/or wastewater charges under normal circumstances unless one of the following has occurred to a residential property owner:

- Damage to 75% or more of the structure that renders the structure uninhabitable.
- Issuance by a government agency of a “non-occupancy” order for a structure.
- Other circumstances beyond personal control of an owner that prevents habitation of a structure or use of the District water and/or wastewater systems for at least six (6) months.

Disconnection of water and wastewater services as a result of non-payment of fees by owner does not cause suspension of monthly service fees covered by this policy. The suspension period shall be a minimum of six (6) months but may not exceed two (2) years. Such suspension shall require the approval of the District’s General Manager. The Suspension shall cover all services provided by the District, both water and wastewater, for the same duration.

The owner must notify the District at least forty-eight (48) hours (excluding weekends and Holidays) prior to the reconnection of the services. If an owner does not establish a reconnection within two (2) years, automatic termination of the suspension will occur and monthly service and consumption charges will be reinstated.

If any District facilities are found to be in use during such time as service has been suspended, owner will immediately become liable for the monthly water and wastewater service and consumption charges that would have been billed during the suspension period.
